Century

ONE OF
THE NEWEST
EVERBEARING
STRAWBERRIES

18 Berries known to
fill a Pint Box

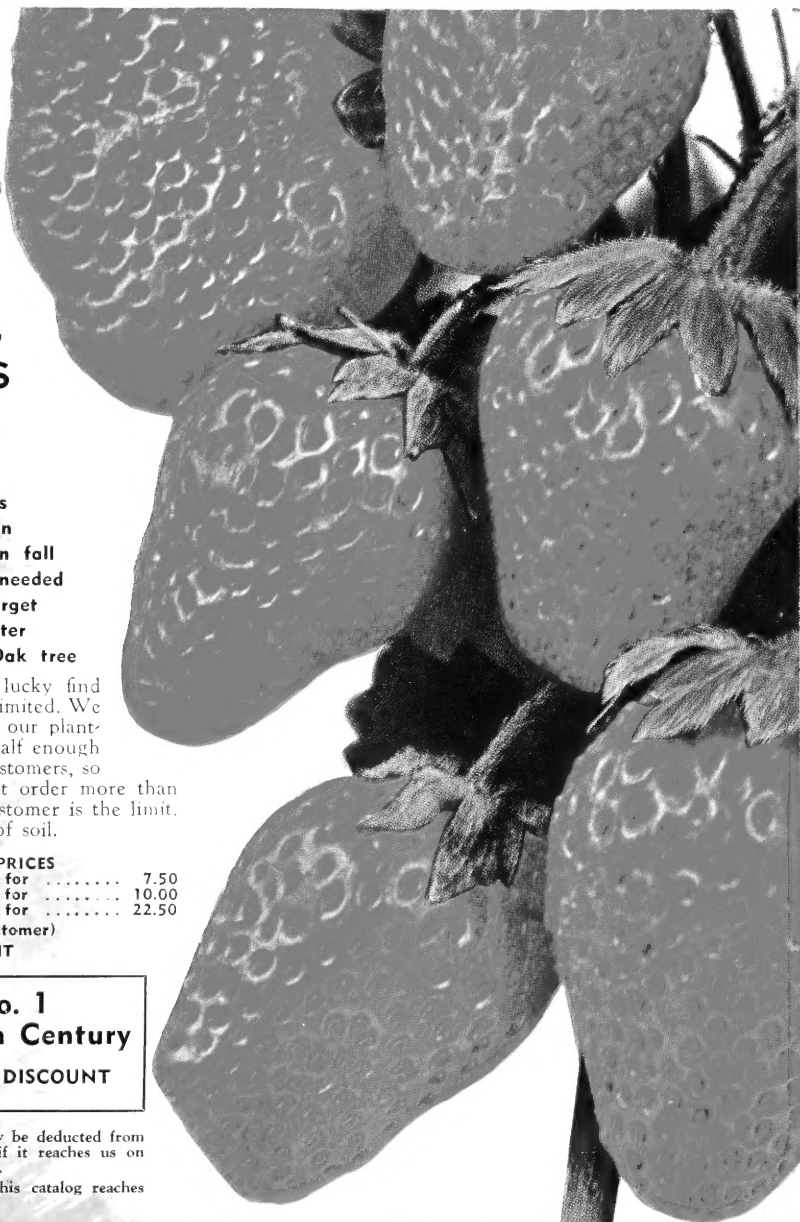

- Bears fruit in 60 days
- 3 big crops in 18 months
- Excellent fresh or frozen
- Bears till heavy frosts in fall
- No special soil or care needed
- A flavor you'll never forget
- Bright red color—to center
- Hardy and hale as an Oak tree

The plant supply of this lucky find called "20th Century" is still limited. We are sure that after we reserve our planting stock, there will not be half enough to go around to all of our customers, so place your order early. Don't order more than you need. 250 plants to a customer is the limit. Does well on most all types of soil.

New!
BRILLIANT

EVERBEARING STRAWBERRY

A New Money-Making Power

In just a few weeks from the time BRILLIANT plants are set into your soil, they will be producing big, bright, delicious berries that you can turn into a quick cash income. No need to wait a year for Strawberries or Strawberry profits! BRILLIANT starts working for you at once and continues until winter—fully 6 months of easy berry money. The plants are so SUPER-POWERED that you need not remove the first blossoms or runners. They bear on the new runners. No hard, nubby berries to waste. BRILLIANT is a 100% perfect pollenizer and matures every berry to full size, uniform shape, and even color.

BIG Returns from Small Plots

Yields of one to two quarts per plant are common with BRILLIANT, and the berries are so fancy they sell at a premium all fall. Plants can be set 12 inches apart and grown in hills to save space—or set them 1½ by 3½ feet apart and grow in solid rows. From the solid rows you would secure less berries, and from the hills LARGER and FANCIER berries. We furnish planting directions free with each order.

ACCLAIMED WORLD'S NEW EVERBEARING CHAMPION

Here is the Everbearing Strawberry that won records for BIG YIELD and PERFECT BERRIES last summer and fall. Out of tests made with seven new and many old everbearing varieties, BRILLIANT produced 7,000 quarts per acre. This test was made at an impartial Experimental Station. We claim it is destined to quickly replace all others. It is the only Everbearer that makes a solid fruiting row against all odds of weather, and keeps fruiting steadily all summer and fall.

Matchless Quality and Flavor

Never before have we seen a Strawberry that charmed us so with its live glistening beauty! BRILLIANT berries are so bright and appetizing that you can almost taste them before they reach your mouth. BRILLIANT flavor is an outstanding accomplishment—rich and “tangy” but lacking in the acidity so common in everbearers. The flesh is of firm texture and solid throughout. Fine for preserves, and “top-quality” when frozen.

BRILLIANT “Super-Bearers”

Have large full ripe berries a few weeks after planting. BRILLIANT is the quickest berry maker you ever saw! The plants are so thrifty and vigorous that unlike other everbearers the very first blossoms can be left right on to bring you perfect berries just a few weeks after the plants are set out. We suggest that you give BRILLIANT a trial, a few short weeks will convince you that it really is supreme in every respect. Grows well on most all types of soil.

The introducers of BRILLIANT have given us permission to list and sell this wonderful variety, and your order will be filled with plants from the original TRUE TO NAME stock.

STREAMLINER

THE NEW EVERBEARER—ENORMOUS SIZE BUT NEVER HOLLOW—BRINGS SENSATIONAL RESULTS

250 Everbearing Strawberry Plants Will Supply Fruit for Family of Five All Summer and Fall First Year Set. Requires Space 25x10 Ft. 1 Ft. Apart

EAT DELICIOUS BERRIES 60 DAYS AFTER YOU SET OUR PLANTS
Berries sell for 45c a pint in stores and roadside markets, all summer and fall.

It's almost round, with a small hull, and of enormous size. Even larger than the famous Mastodon. The STREAMLINER will ripen up even, to the prettiest bright scarlet color, which will attract customers' attention every time. Sweet as honey, with very little acid.

BEARS 60 DAYS AFTER SET

Set STREAMLINER plants during March, April or May, and you will be picking those big, sweet, juicy beauties 60 days later. Think of it—no waiting a whole year for berries. When late killing frosts come in October or November the plants will still be loaded with green and ripe berries, and even blossoms. It will take a good hard frost to stop them. Another full crop the following June.

STRONG, HARDY GROWER

STREAMLINER is a thrifty, strong and hardy grower. Does well on most any soil, and seems to do well in both wet and dry seasons.

STREAMLINER PRICES

25 for	\$1.80	250 for	\$11.95

GEM GIANT EVERBEARER

BEARS 60 DAYS AFTER PLANTING

Gem is one of the older varieties of Everbearing Strawberries, and the Gem that we offer have been improved a lot, by plant selecting, so that now our plants produce an enormous amount of fruit 60 days after they are set, right up to a killing frost in the late fall.

FRUIT IS LARGE AND BRIGHT RED. Red clear through, and when grown in the hill system (keep runners pinched off) they will produce much more and better fruit. Set plants 1 ft. apart in the row in the HILL SYSTEM, and each plant will touch each other by fall, and have a dozen fruit stems on at one time. Gem is a fine commercial berry as well as for home use. Excellent for freezing as it stays whole after thawed. Grows well on heavy soils as well as light.

PLANT GEM FOR A BORDER. Use Gem as a border plant in front of Roses or other flower beds. Pick berries right out of your front yard this summer and fall, and again in June 1953. For border set a staggered double row, 1 ft. apart each way.

Red Rich

RED RICH is Plant Patent No. 993. RED RICH is a hybrid of the WAYZATA everbearing variety, and FAIR-FAX, and is the result of over 15,000 seedlings. It's the largest, thriftiest growing Strawberry.

RED RICH is the best everbearing variety of the day by University of Illinois tests. They say: "Of the 29 everbearing varieties we tested here last season, RED RICH is by far the best." Signed, Herschel L. Ball, Assistant in Pomology.

Dr. Leon C. Snyder, Extension Horticulturist of the University of Minn. reports that RED RICH produced 60 quarts on a triple row hill system. On an acre basis the RED RICH yield was about 13,000 quarts. Plants were set 1 foot apart each way.

RED RICH is unsurpassed as a freezing berry. Firm and deep red clear through, does not mush up when thawed out. Being honey-sweet it requires little sugar. RED RICH can be frozen whole.

RED RICH is a large, rugged plant. Twice the size of any other Strawberry plant. Bugs and disease don't seem to like it at all. Starts to bear 60 days after set out and never quits till late in the fall. Red Rich will produce 3 crops in 18 months. As a dessert berry it has very high quality, honey sweet from its parent Wayzata. Extra large and deep red all the way through like its parent Fairfax. The large size of Red Rich is maintained throughout the bearing season.

RED RICH is not fussy about the type of soil but the more fertile the better.

PLANT RED RICH as a border plant in front of your Roses or other flowers, and have Strawberry blooms as well as fruit all summer and fall.

GROW MORE BERRIES THE EASY WAY... PYRAMID GARDENS

HERE IS SOMETHING "OUT-OF-THE-ORDINARY"

Grow 50 RED RICH in just a 6-ft. circle but 5 stories high. See actual photograph. Garden is 4 rings and 6 in collar on top. Made of Aluminum.

In one-third the space of the conventional garden method you can enjoy an abundant full season growth of Red Rich Everbearing Strawberries with a Pyramid Garden. Easy to pick from, easy to care for—the attractive Pyramid Garden adds beauty and real practical value to any garden or landscape. Bottom ring is 6 feet in diameter. Merely place first band on ground, fill with rich soil, repeat simple operation for remaining rings. Bands are 5 inches wide. In a Pyramid Garden you grow Strawberries by the University recommended "Space System." **Complete description with each Pyramid Garden.** Pyramid Garden price: \$9.95 postpaid. **No Discounts.** Pyramid bed with 50 RED RICH plants, \$18.45, postpaid. **No Discounts.**

PREMIER

The Most Famous Berry Ever Introduced
Premier Strawberries sold as high as \$11.50 per 16-qt. crate on the Benton Harbor, Mich., Wholesale Fruit Market.

If you plant STROMER'S PREMIER you will get the first berries on the market. They will be bearing heavily before other varieties begin. Your biggest picking will be when berries are in good demand and are bringing top prices. Premier will grow anywhere. The plants are sturdy and long rooted, a good drought-resister. The berries are very large, and hold their size to the last picking. The flavor cannot be beaten.

Premier is as near frost-proof as any Strawberry can be. Premier sets the standard in Strawberries like Latham and Cumberland do in Raspberries. You cannot go wrong.

SENATOR DUNLAP

June Bearing Variety—Over 50 Years Old But Still Good

Senator Dunlap is an old well known variety that has made more dollars for berry growers than any other variety. It will grow most anywhere and on any kind of soil. However, it will do best on heavy, rich soil. If planted on light soil, be sure to set them 2 feet apart. On heavy soils set them 18 inches apart. Berries are dark red, firm and sweet. Wonderful for canning and freezing as well as fresh.

Catskill

Ripe CATSKILL berries are so glossy, that they appear to have been varnished. Sell themselves on sight.

This variety was introduced several years ago by the New York Experimental Station. Catskill and Robinson are two of the finest late Strawberries. They follow Premier and Dunlap. Berries are extra large and smooth. The last ones that you pick from the thick, stiff fruit stems that stand upright with a full load, will be nearly as large as the first ones, and just as smooth. We do not have a more beautiful berry to offer. Mild and nearly non-acid. Folks who are bothered with Strawberry rash tell us they can eat Catskill. Catskill will do fine on any type soil, but does the very best on a heavy clay loam, and fine on a stiff clay soil.

Giant MASTODON EVERBEARER

- MASTODON—Bears Until Heavy Frosts
- MASTODON—Grows Without Special Care
- MASTODON—The Oldest Everbearing Variety
- MASTODON—Bears 60 Days After Set

Mastodon has been with us for about 20 years, and in all these 20 years we have never known them to fail on a full crop 5 to 6 months long the same year they are set out. The size of the berry is like Streamliner—very large. It is of very good quality, red all the way through, and fine flavor. Bears as heavily as Streamliner, and makes many new runner plants. These new runner plants will also bear toward fall, and then you have a real picking row. This wide row will make fine picking next June as a spring berry. Mastodon does not require any special soil, care or petting. They grow most anywhere, or on any soil that will grow garden Potatoes. They sell like "hot cakes" on roadside stands, or on any market. It will take a hard freeze to stop Mastodon from bearing. White frost will never hurt them at all. A field of Mastodon in full bearing in late November is a sight never to be forgotten. Even after a light snow one can go out and find ripe berries unharmed.

ROBINSON

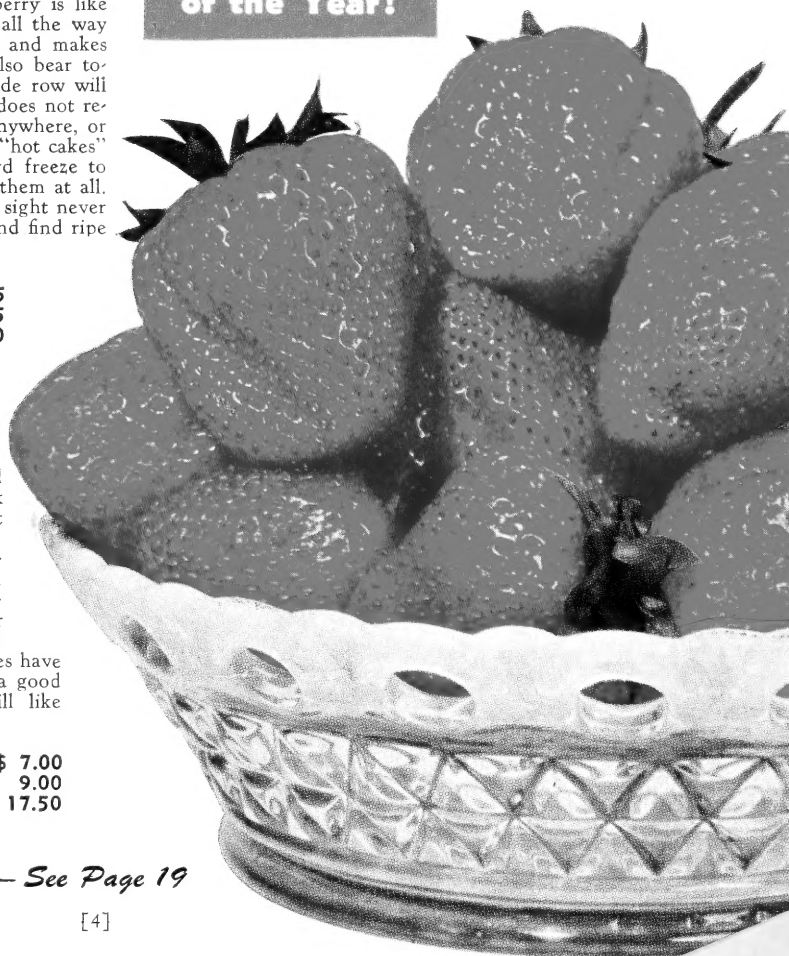

Largest June Bearing Strawberry Known

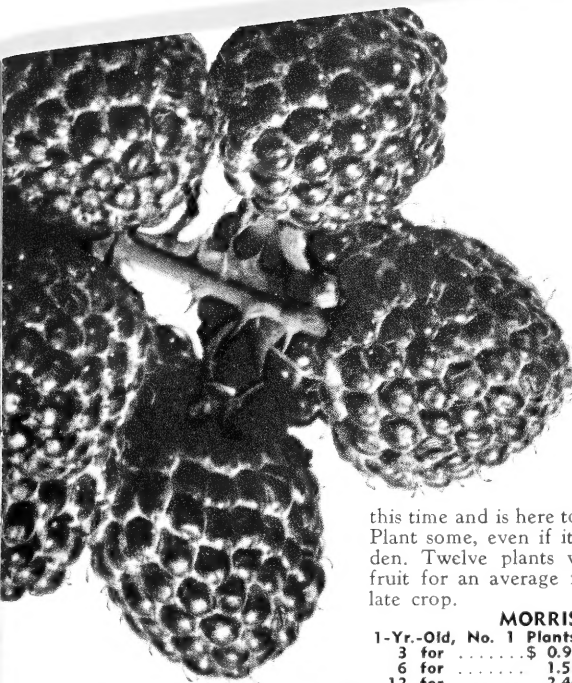

HIGHEST QUALITY. These big round blunt-pointed berries are of top quality. They are borne on large thick fruit stems, that are protected with heavy foliage that makes up a wide fruiting and picking row.

The tangy, rich, sweet flavor is found in no other Strawberry. ROBINSON is the largest berry we have to offer. It's late—starting to ripen about the time Premier is finishing up. By planting Premier for early and Robinson for late, you will have fresh fruit from start to finish, over a 30-day period. 18 to 30 berries will fill a quart box. Berries have a firm skin, and are solid all the way through, making it a good shipper as well as a good home use variety. You will like Robinson.

MORRISON

Largest Black Raspberry Grown

Many Berries as Large as a Quarter

Morrison is fast becoming the highest ranking commercial Blackcap. It's a rank grower, and produces immense, round, jet-black fruit of the highest quality, both for fresh, canning, freezing, or jams. You cannot beat it. Cumberland is good but Morrison is better. It will bear twice as much fruit as Cumberland will, because the bushes are twice as large. Morrison is about a week later to ripen than Cumberland. Berries will hang to the bushes a week after they are ripe. Easy to pick. Easy to grow. MORRISON is not too new as this is the seventh year we have been growing it. It's "Time Tested" by

this time and is here to stay. Get started this year. Plant some, even if it's only a dozen in the garden. Twelve plants will produce enough fresh fruit for an average family. Plant Morrison for late crop.

JUMBO MORRISON PLANTS
3-yr., old, \$1.00 each; 3 for \$2.00, less discount.

SODUS Purple Raspberry

Cross between Red and Black Raspberry, and has also a mixed flavor. Sweet, firm and fine eaten fresh, or in pies, or frozen. We offer extra large size, 2-yr.-old, bearing-age plants.

Each 75c; 3 for \$2.00; 10 for \$5.00. Less Discounts.

GOLDEN QUEEN RASPBERRY

A beautiful, large, golden yellow Raspberry. Many prefer this fine variety to any of the reds or blacks, owing to its sugary sweetness and unsurpassed flavor. Should be in every garden, its beauty and high quality placing it at the head for table use. The canes are hardy, vigorous growers, and heavy croppers. Grows like a Red Raspberry and should be handled like one. Ripens with Latham. Our bearing age plants will bear fruit this year. 1-yr. size plants will bear full crops in July, 1953.

LUCRETIA

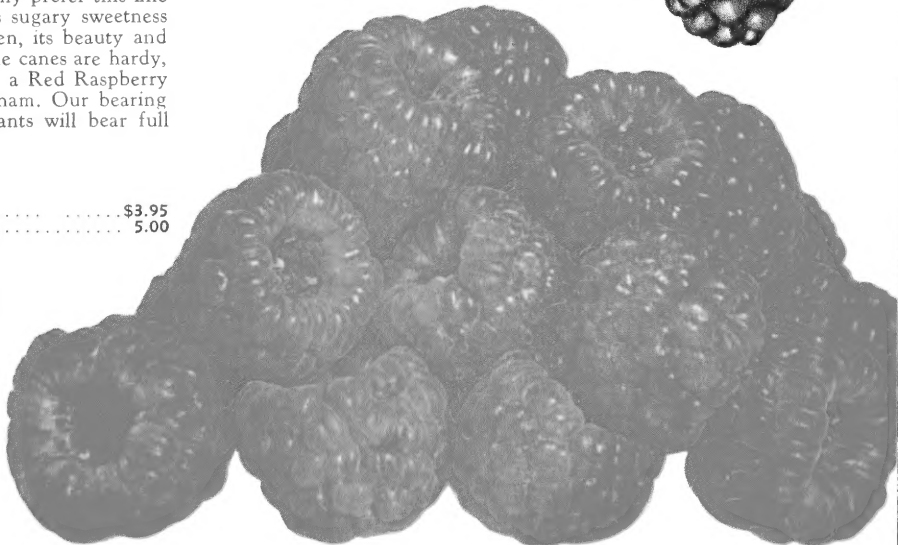

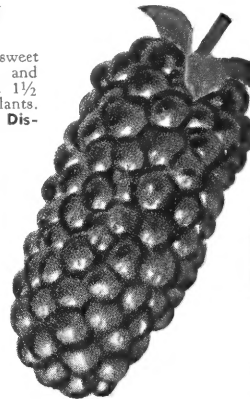

The Big Hardy DEWBERRY

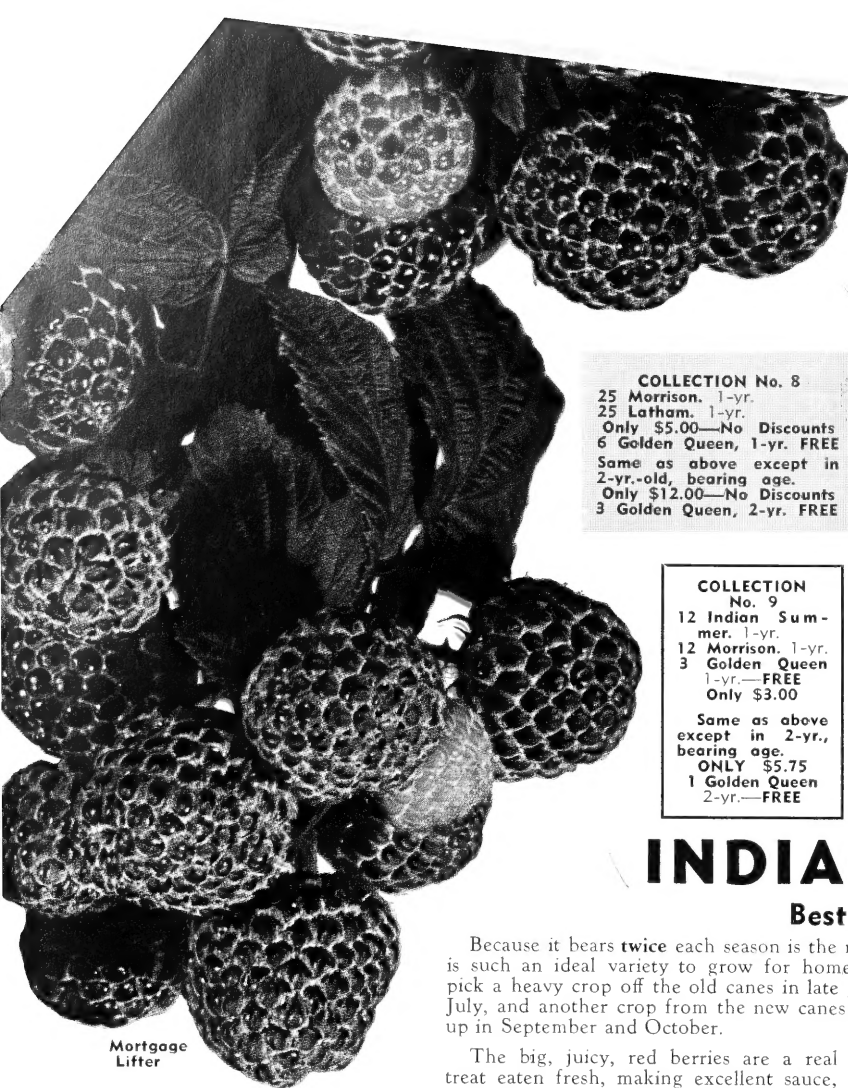

Ripens two weeks before Blackberries. Berries are large, sweet and juicy. Vine hardy, and easy to grow. Fine eaten fresh, and what's better than a Dewberry pie. Berries are jet-black and 1½ to 2 inches long. We offer only 2-yr.-old, bearing age plants. Supply limited. Price: 3 for \$1.10; 10 for \$3.20. Less Discounts.

WHY WAIT A WHOLE YEAR

Plant Our 2-Year-Old Bearing Age Stock

We offer you some real fancy field-grown Raspberry plants in 2-year-old transplants. This is the bearing age stock. These have been grown on special Raspberry soil with correct care, fertilizer, cultivation, and spraying, all through the growing season of 1951. Have had double state inspection, and are pronounced 100% healthy and clean.

Mortgage Lifter

Mortgage Lifter

The Extra-Early Black Raspberry

This new Black Raspberry was introduced by us three years ago. It's a chance seedling, since it was found growing wild. It was taken up and cultivated because we noticed that the berries were ripe and ready two weeks before any other variety, so that is the outstanding feature of MORTGAGE LIFTER. Berries are medium large, sweet as honey, and firm. They are all gone when Cumberland starts to ripen. If you plant only a few in your garden you will have the first ripe berries in your neighborhood. If you plant them for market, then you will really "clean up," since it's always the first ones ripe that make the money. It's a real mortgage lifter.

INDIAN SUMMER

Best Everbearing Red

Because it bears **twice** each season is the reason why this is such an ideal variety to grow for home use. You will pick a heavy crop off the old canes in late June, and early July, and another crop from the new canes that will come up in September and October.

The big, juicy, red berries are a real treat eaten fresh, making excellent sauce, preserves or jams, and are one of the best for freezing or canning.

Indian Summer is the only Raspberry that will do well way down to the deep South.

New York State Agricultural Station Says:

"The quality of Indian Summer is good and the season is very early. The fall crop begins in mid-September, continuing until hard frosts in early November. The bulk of the fall crop is borne in October. The plants are above medium to tall, vigorous, upright, hardy, healthy, productive. Fruit is large, uniform, maintaining size fairly well through the season; cavity is medium size and smooth; bloom light; color medium red; juicy; tender, mild sub-acid, good."

Cumberland

CUMBERLAND The Business Black Berry

Cumberland is perfectly hardy and tremendously productive. The berries are extra large, glossy black, and not equalled by any other variety in quality, flavor or appearance, except Morrison. Whether wanted for market or home use, we can recommend Cumberland to our most exacting customers. Disease-free. Twice state inspected plants.

Plant Cumberland for mid-season, MORRISON for late, and MORTGAGE LIFTER for extra early, and you will have berries for a month long. Set plants 3½ by 7 ft. apart. March, April and May are the planting months. The earlier the better. Require well drained ground. Plant in Oct. and Nov. for fall. FREE planting directions sent with the plants.

EBONY KING BLACKBERRY

The greatest Blackberry discovery in 30 years. It's been thoroughly tested for 3 years before being offered to our customers. As you probably know that most Blackberry varieties offered are sterile, and will only bloom, and not bear. EBONY KING will bear large, juicy fruit over a 3 weeks' period. It's very hardy, and a thrifty grower. Bears annually and early in the season before hot weather sets in. Self-pollenizing. Has a sweet nectar flavor that no other variety has or ever did have. Supply of this variety is still limited.

LATHAM

The Commercial Growers FIRST CHOICE

Latham is to Red Raspberries what Premier is to Strawberries. An old standby that grows anywhere on most any type of soil, and so hardy that it will stand 45 degrees below zero. Latham berries are large, often an inch in diameter. Best all-around berry to grow. Cans well, and fine for freezing. The plants grow large and tall. Holds the load of fruit well when trimmed back to 30 inches tall each spring. Latham has that old-fashioned real Red Raspberry flavor that is lacking in so many other varieties. Set Latham plants 3 1/2 ft. by 7 ft. apart. March, April and May are the best planting months. Plant soon as ground can be worked. 25 plants will plant a row 85 feet long, and plenty for average family.

GIANT

EASY TO GROW. Each year as we learn more and more about growing the HYBRID cultivated Blueberries, we find that they are not near as fussy about what kind of soil they will grow on, as we did a few years ago. Of course they prefer a rather moist acid soil, but we also find that they will grow on other soil too, by adding some peat moss, old leaves or sawdust with the soil. Sulphur and water them well during dry spells.

The Cultivated Blueberry is a rather DWARF growing plant. A plant 15 years old will not be over 6 feet tall, but it will be the same size in circumference. They grow in a ball shape plant, and their roots are all very near the top of the soil, so they must be cultivated very shallow. Set the plants 5 feet apart each way, and keep clean by frequent cultivation. Hoe all weeds away from the plants. We offer 2-yr., 3-yr., 4-yr. and 5-yr.-old plants. All of these sizes have some buds. You can expect 2 to 6 quarts of fruit from a 5-year-old plant the year after set, when it becomes well established. Even the 3-year-old plants will bear some fruit the same year set.

We offer for sale JERSEY, RUBEL and RANOCAS varieties. These are the three best ones. The RANOCAS is early. Then comes RUBEL, and for late it's JERSEY. JERSEY bears the largest berries. All are excellent quality, and go well together on account of pollenization. You may order by name or leave it up to us to select the varieties for best pollenization. If you order only two plants we will ship you two varieties.

**Commercial growers please
write for special prices on lots of
50 to 1000.**

RHODODENDRONS

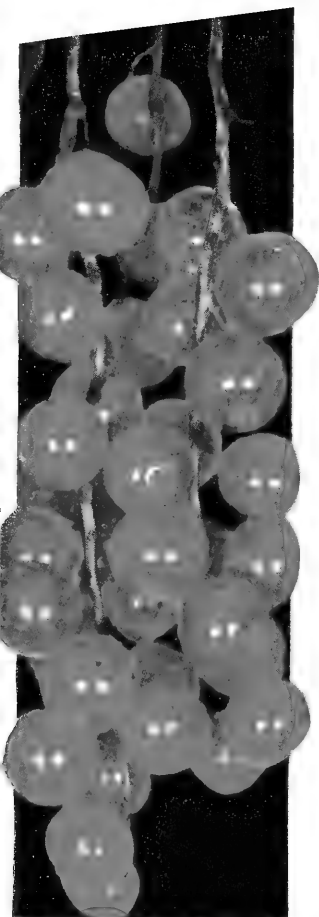

Rhododendrons

EXCELLENT NEW HARDY HYBRIDS

One of our most elegant native plants. The Rhododendron is always a thing of beauty and, if reasonable care is used in growing them, they are perfectly adaptable to use in most sections of the country for landscape work and foundation plantings. These Hybrid varieties will indeed provide a luxurious appearance when matured. Foliage is large, rich glossy green in color and stays that way the year around. We cannot guarantee color of bloom, since these are Hybrids, but shadings run from pink through the lavender shades to deep rose.

Nice 9- to 12-inch plants, \$2.00 each. No Discounts. Growing instructions same as Blueberries.

Red Lake Currant

Stanley Prune

PLUMS

STANLEY PRUNE PLUM—Improved Italian Plum

Large blue Prune type Plum. Sweetest of all Plums. Flesh is yellow as butter, and the pit falls out when broken open. Starts to bear young and regularly each year. Needs no other variety to pollinize. Ripens early September. Wonderful shipper and keeper. Eat them fresh, can them, or freeze them, and you will have the best. Supply of Stanley Prune trees limited this year. Order early. Prices below.

RED LAKE CURRANT

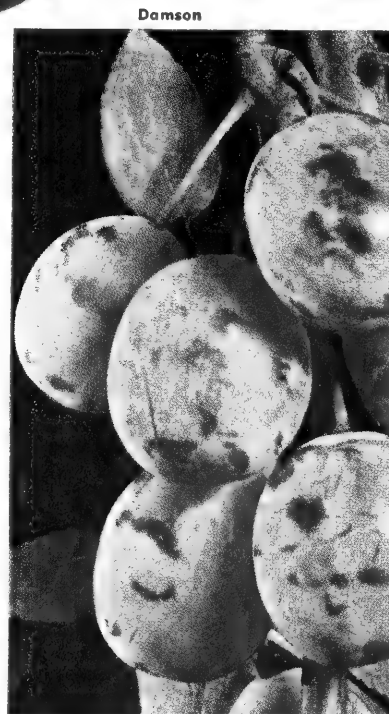

This new, better and extra hardy large red Currant comes from Minnesota. This Red Lake is the last word in Currants and you will really want a few plants of them even if you think you have plenty of Currants already. Produce long, large, red clusters that make up into excellent jelly. Ships well and is the best commercial variety to grow.

Damson

Green Gage

SUPERIOR

Wine-red color, yellow flesh. Juicy and sweet. One of the hardiest, and could be classed as a dwarf. Tree bears second year, and annually. Ripens middle of August. Best red Plum. Prices above.

GREEN GAGE

Large greenish yellow in color, and sweet as honey. Flesh is yellow and very juicy. Truly a dessert Plum. Also very fine for Plum butter, canning or freezing. Trees bear young and annually. Prices above.

BLUE DAMSON

Most popular "Little Blue Preserving Plum." When canned, the juice is rich wine-purple and highly flavored. Flesh is firm and green. Small stone, very hardy, a wonderful shipper. Prices above.

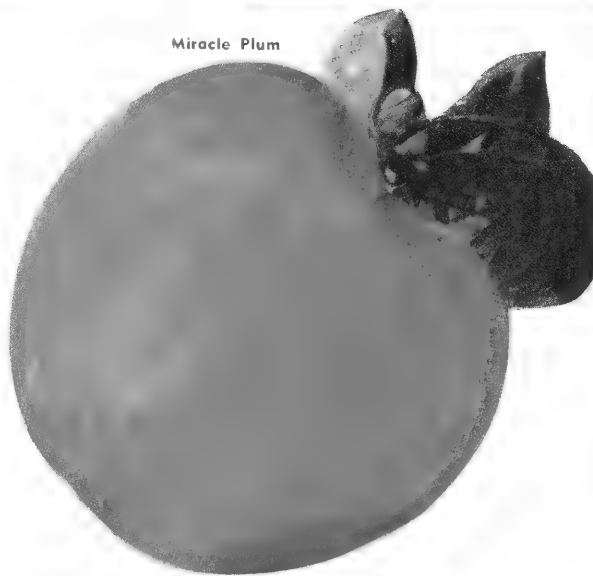

MIRACLE (Patented)

"HOWARD'S MIRACLE" PLUM IS IN A CLASS ALL BY ITSELF. THE FLAVOR IS SOMETHING OUT OF THIS WORLD.

Its beautiful 2- to 3-inch in diameter fruits, with thin skin and extra heavy meaty flesh, make it the last word in an eating Plum. Ripens in July and August. Colorful leaves make it a fine ornamental tree in your yard. Trees grow medium size, often bear second year. Price: 3-yr.-old, each \$3.50. NO DISCOUNTS.

Miracle Plum

DWARF

AND YOUNG BEARING
FRUIT TREES

*Grow Full Size
Fruit on our
Dwarf Trees*

GOOSEBERRY

HOUGHTON GOOSEBERRY

Large round berries that turn red when fully ripe. Sweet and juicy. Hardy, excellent for pies, jam and jelly. We offer 3-year-old, bushy, ready-to-bear plants. **Each 95c; 3 for \$2.75; 6 for \$5.35; 12 for \$9.85; 25 for \$17.50; 50 for \$30.00. LESS DISCOUNTS.**

PLANT A MULBERRY TREE

Russian Mulberry

This is a fine tree both for shade, and also a fruit tree. It will pay you to have one or two of these Mulberries growing on your place to feed the birds. The birds prefer them to your Cherries, so this is the very best way to solve your Robin trouble in Cherry time. It really works. **4-5 ft. trees, each \$1.95. LESS DISCOUNTS.**

Dwarf

A 4-Yr.-Old Dwarf Red Delicious

SUPERIOR PLUM

Wine-red color, yellow flesh. Juicy and sweet. One of the hardiest, and can be classed as a dwarf, since it bears at two years old. Ripens middle of August. **2-yr.-old trees, \$2.00 each. 3-yr.-old trees, \$2.95 each. LESS DISCOUNTS.**

DWARF SAPA

(Plum Cherry)

This dwarf hybrid Cherry Plum comes from Minnesota. It will also bear where it gets too cold to grow the regular cherries. It's sweet as honey when fully ripe. Trees bear at 3 years old. Being a dwarf tree, they can be set 8 feet apart. **Prices: 4-5 ft. trees, each \$2.95. Less Discounts.**

DWARF EVERBEARING FIG

Our Everbearing Figs are developed for growing in the North, as they do well in either tubs or out-of-doors; however, they cannot be grown successfully outdoors north of Philadelphia. (We recommend tub culture north of that point.) The root is hardy and will survive even though the top is frozen. Plants bear the first year they are set out. The fruit is of good size, sweet and delicious. **2-3 ft. trees, \$1.95 each. Less Discounts. Bear first year.**

DWARF PEAR TREES

These Pear trees are just the thing for small back yards or crowded quarters. Trees never get large. Bears year after year. Fruit large as standard Pear. It's just the trees that stay small. A 6-ft. tall DWARF Pear tree will bear a bushel of pears. Set 8 ft. apart. We offer trees ready to bear.

Bartlett and Clapp's Favorite Varieties

Each	\$2.95	5 for	\$12.50

PEARS

Pears are so easy to grow. They bear young and annually. Live a lifetime, and need no cultivation, or spray as a rule. Our well grown, healthy trees will give you complete satisfaction.

BARTLETT

This is the KING of the Pears, and also the leading commercial variety. Large yellow fruit with red blush. White flesh, juicy and sweet. Ripens middle to last of August. Excellent eaten fresh or canned.

BOSC

This is the long necked Pear that you see in all the fancy fruit markets and stands. Very firm, and white flesh, which is juicy and sweet. An eating Pear. Makes an excellent pollinizer for all other Pears. Ripens a little later than Bartlett.

CLAPP'S FAVORITE

This large uniform Pear gets ripe in the summer before Bartlett. Looks like a Bartlett, and canned it's fully as good as Bartlett. White, juicy flesh. Must be picked in the hard stage, and left to soften in a cool, dark place.

SECKEL—Sugar Pear

Because it's so sweet, it's sometimes called a SUGAR PEAR. It is really sweet as sugar, and juicy. Ripens before Bartlett, and much smaller in size. It's the one to use for pickled Pears.

MAX- RED

**THE ONLY ALL RED
PEAR IN THE WORLD**

A red sport of Bartlett with all the desirable qualities of Bartlett plus an attractive red color and 10% more sugar by actual test! As the color does not carry through into the flesh, this excellent canning Pear is being widely planted for commercial canners. In hardiness, Max-Red is comparable to Bartlett. The only new Pear of proven outstanding merit! **Super size trees, each \$3.50. No Discount.**

PEACHES

HALE-HAVEN

- PROFITABLE MARKET CROP
- FOR FREEZER STORAGE
- PEACHES AND CREAM
- FOR HOME CANNING
- SPICED PEACHES

Our fancy, well bred Hale-Haven trees will bear young and annually. Fruit is freestone, and deep orange-yellow with deep red color many days before they are fit to pick. When fully tree-ripened they are a sight to look at. Firm, yet tender, sweet and juicy. Ship well and will keep a week in the refrigerator, even when fully ripe. We do not hesitate to say that Hale-Haven is the best canning and freezing variety of them all. Self pollenizing. Ripens August 1st to August 20th.

RED ELBERTA

Red Elberta Peaches are universally known as the outstanding money-maker Peach wherever Peaches are grown. Roundish oval in shape, with deep golden skin blushed carmine-red. Flesh is golden, rich flavored, ideally firm and fine textured. Without doubt the leading shipping, canning, storage, drying and freezing Peach. Fruit perfectly freestone. Self-pollenizing variety. A good pollinizer for other Peach varieties. Ripens medium late and remains in good condition on trees a long time. (Ripening date Aug. 20 to Sept. 10.)

PAINTED DAISIES

Mixed colors of singles and doubles. Grow on long stems from thrifty plants. Blooms spring time. Excellent for cutting. **Price 35c each; 3 for \$1.00; 10 for \$2.50. No Discounts.**

3

COLUMBINE

Scott Elliott Hybrids. The long-spurred variety; comes in a mixture of all colors. Likes shade. Blooms June to August. Plant 3 or more in a group for best results. **Strong, field-grown plants, 3 for \$1.10; 10 for \$3.25. No Discounts.**

FIRE CHIEF DOUBLE HOLLYHOCK

Grows 6 to 8 feet tall. Likes full sun. Huge double red flowers on top half of tall stem. Excellent for backgrounds, likes light rich soil. Plant 10 inches apart. **3 for \$1.00; 10 for \$2.50. No Discounts.**

DELPHINIUM

These GOLD MEDAL hybrids will give you tall spikes, enormous size florets. Mixed colors: Dark blue, light blue, lavender, pink and two-tone. Strong plants. **Price: 35c each; 3 for \$1.00; 5 for \$1.50; 10 for \$2.50. No Discounts.**

FORGET-ME-NOTS

Dainty blue flowers, produced freely on low growing plants. Fine for borders. Does well in shade and low places. Plant 6 inches apart. **Price: Large, field-grown clumps, 40c each; 5 for \$1.75. No Discounts.**

VEST POCKET APPLE

Six Varieties All On One Tree

This is not just a worthless novelty. It is really true. We have budded 5 different varieties of Apples all on a Whitney Crab Apple stock. This makes 6 varieties all on this one sturdy, tough understock. You will get Red Delicious, Yellow Delicious, Dark Red Jonathan, Wealthy, Yellow Transparent and the Whitney Crab on which all these varieties are budded. Yellow Transparent will be the first to ripen, then the Wealthy, and so on up to the late winter keeping varieties. Why buy 6 trees when you have only room for one. Think how interesting it will be to watch this tree develop. Plant one by your kitchen door, take good care of it, and you will be well repaid with sweet Apple blossoms early in the spring, shade all summer, and fruit all summer and fall.

We are offering the super size trees, 3-year-old.

Each \$3.50. Extra large giant

size, each \$5.00. Less Discounts.

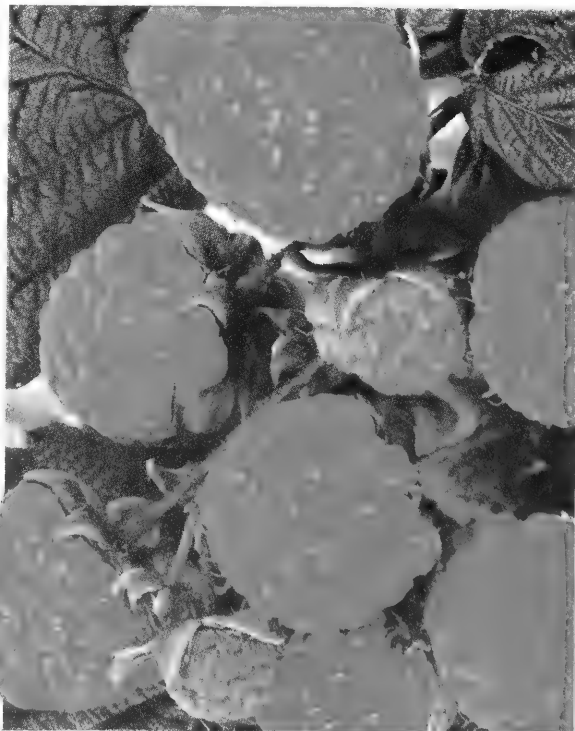

Collection No. 20

- 3 Delphinium
- 3 Painted Daisy
- 3 Forget-Me-Not
- 3 Columbine
- 3 Fire Chief Hollyhock
- 15 fine plants for only \$3.50.
- No Discount.

SEPTEMBER

Newest everbearing Red Raspberry. Bears a full crop in July, and again in the fall. It bears its fall crop 2 to 4 weeks earlier than Indian Summer, on fruit stems (new growth) often 12 inches long. Very strong grower, and disease-free. Just think of eating fresh Red Raspberries in September and October this year. We offer plants that are ready to bear. Supply very limited. **2-yr.-old, bearing age plants, each 95c; 3 for \$2.00; 10 for \$6.00. No Discounts.**

APPLE TREES

DOUBLE RED DELICIOUS

This variety is far superior to the common Red Delicious, as it is highly colored all around, with no green sides. Double Red Delicious is America's number one Apple. It tops the market every time, and seems to bear in a wide range of soils and climates. The fruits are very large, solid red, with the five points, and rather long in shape. Truly a most beautiful Apple, and the best eating Apple of them all. Flesh slightly yellow, with semi-sweet flavor. Two- and three-year-old sizes available, also Giant.

Double Red Delicious

YELLOW DELICIOUS

Winter. Comes into bearing early, producing heavy crops. Very thrifty, hardy, vigorous grower. A golden Apple which has won fame as an outstanding commercial variety. 2- and 3-year-old sizes available, also Giants.

GIANT SIZE

Apple Trees

These trees are twice as large as our Super Size trees, and are ready to bear. Well branched, and a wonderful root system. These are trees that we did not get dug last fall on account of the weather, so we left them in the nursery to grow another year longer.

We offer these GIANT size Apple trees in the following varieties only: Yellow Delicious, Jonathan, Red Delicious, and Turley Winesap. Price: \$3.25 each; 3 for \$9.00; 10 for \$27.50. No Discounts. Supply limited.

WINESAP (Turley)

A perfect all-around Apple. Large red winter-keeping variety. Will keep all winter. A cooking and eating Apple that is always in big demand. Originated in Indiana, and is now one of the top commercial Apples.

ANOKA

(Not Illustrated)

No waiting for fruit if you plant Anoka. Hardy in all climates. The best early summer Apple of red color. Wonderful as a cooking Apple as well as a tasty eating Apple. Mellow and juicy. Not tart. The trees of the Anoka variety are somewhat dwarf on account of their early bearing qualities. We offer you strong, healthy trees in both 2-year-old and in SUPER size. Order yours early, as each year we sell out of ANOKA long before the season is over. 2- and 3-year sizes available.

LOST LABEL Apples

Each year we have a limited amount of Apple trees that we offer as Lost Label. These are all good standard varieties that have been mixed up in digging, or varieties that we have discontinued. In all sizes. Each 95c; 5 for \$4.00; 10 for \$7.50. No Discounts.

DOUBLE RED JONATHAN

This is No. 2 Apple on the market. That is, Red Delicious brings the highest prices and sells the best, and Jonathan comes next. This variety cannot be praised too highly. It's solid red, good sized, firm, juicy, and keeps well. Its flesh is white and brittle with that tart tangy flavor that's in a class all of its own.

NEW DELCON

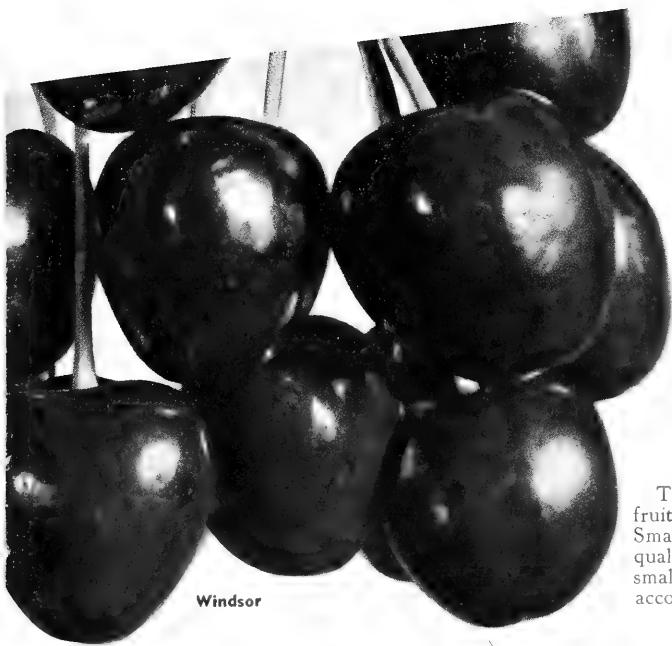

A True Semi-Dwarf Apple Tree Produces full size dark red fruit similar in shape to Delicious but without knobs. A naturally dwarf variety. Flavor is a combination of its parents, Jonathan and Delicious. Developed, tested and approved by Mo. State Experiment Station. Hardy wherever Red Delicious is successful. Super Size Only, each \$2.50; 2 for \$4.25. Less Discounts.

Double Red Jonathan

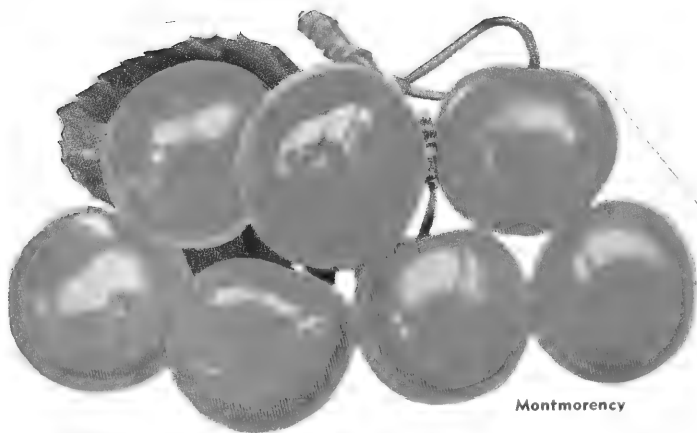

Yellow Delicious

Winesap

Delcon

Windsor

Montmorency

CHERRIES

WINDSOR

This is that extra large blackish red Sweet Cherry that you see in the fancy fruit stores, that sells anywhere from 35c to 60c per pound. Brittle and sweet. Small pit. Dark wine-red all the way through the meat. Remarkable keeping qualities, and a wonderful producer. Ripens about the time most of the smaller varieties are off the market. Brings the highest price on any market on account of its size and attractive appearance.

MONTMORENCY PIE CHERRY

The finest and most reliable pie Cherry ever introduced. Big, round, juicy, bright red fruits will be yours to eat fresh or canned every July if you will set our "Certified Bud Selected" trees this spring. Often bears the year after set. Deliciously sub-acid. Good to eat fresh, or canned, frozen, or in pies. Also the one to use for Cherry juice. This variety will grow most any place in the United States, except the deep South. Not fussy about the soil. Montmorency is so dependable, and always sells. Folks will come and pick themselves, if you find yourself short of help in harvest time.

CACO

This is the new quick-growing, young-bearing, delicious, sweet, big red Grape that is so popular. It has no equal as a home-use table Grape. It has a peculiar characteristic found in no other Grape, in that it is rich in flavor. Its deep, wine-red color is so pleasing to the eye. A vine full of these rich red beauties is a sight.

CONCORD

Concord is beyond a doubt the most popular blue Grape. More Concord are planted than all other varieties. It is the commercial table and wine variety. Concord is perfectly hardy, having stood 30 degrees below zero without injury. Does well on any soil, but makes the sweetest fruit on light sand that has been well fertilized. Bunches are large, compact and well shaped. Sweet and juicy. Vines grow fast, and bear young.

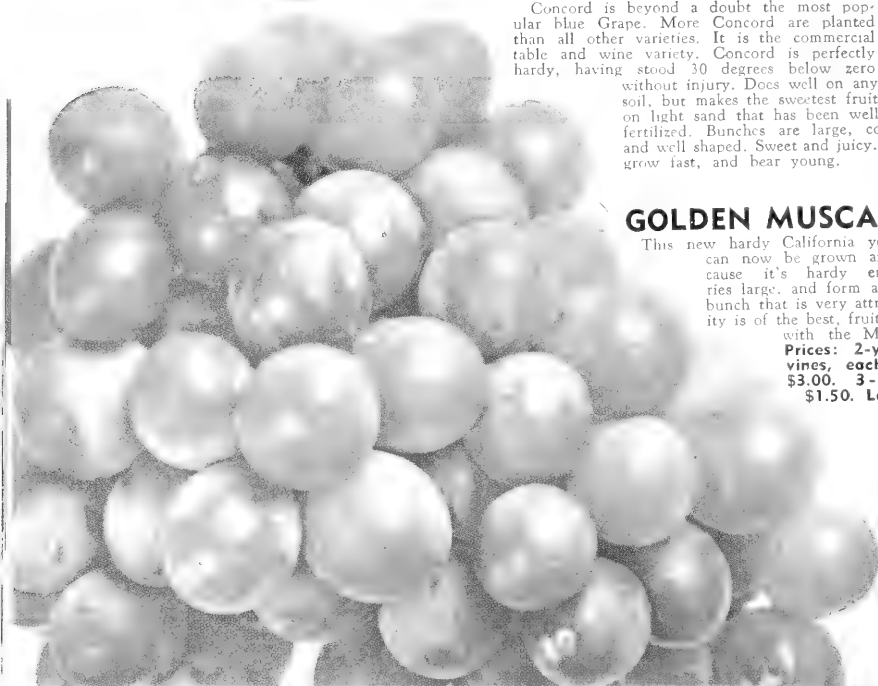

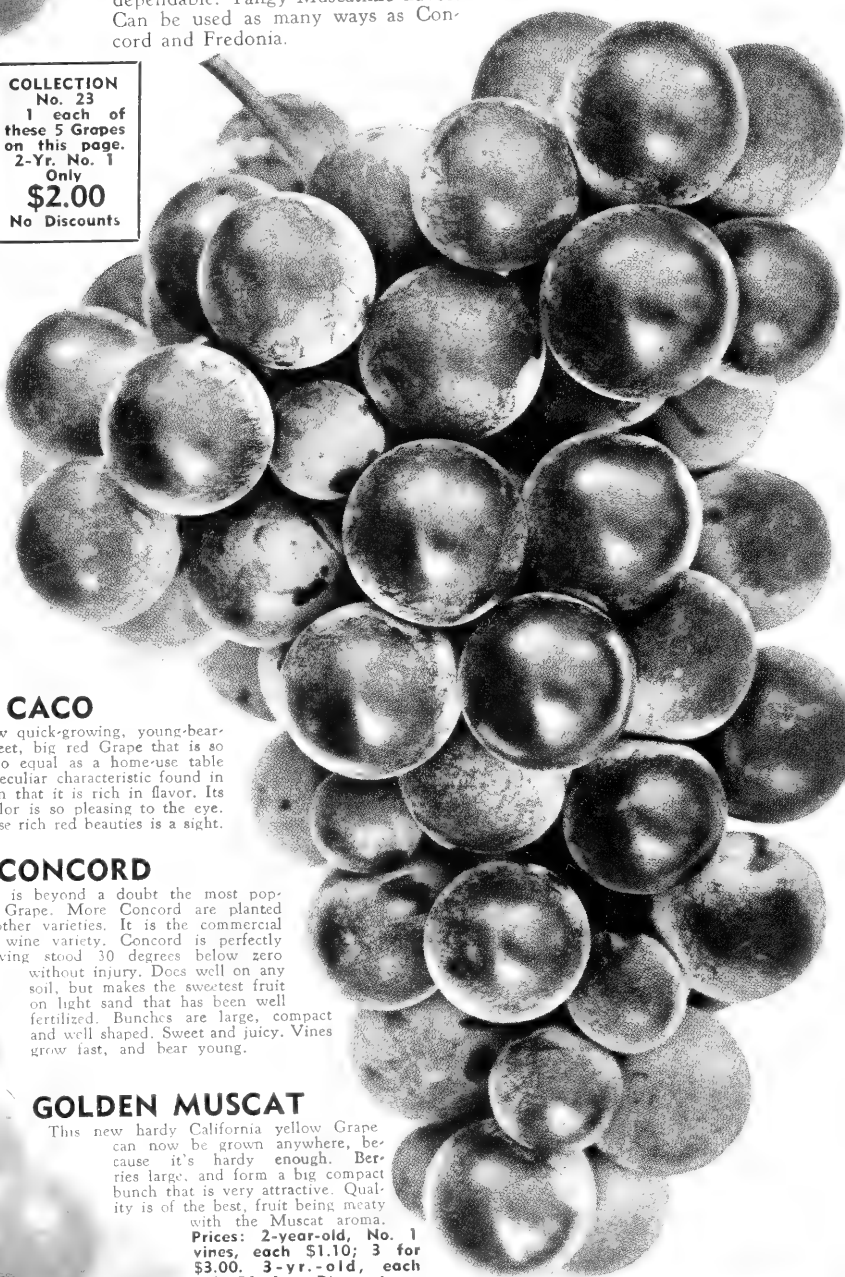

GOLDEN MUSCAT

This new hardy California yellow Grape can now be grown anywhere, because it's hardy enough. Berries large, and form a big compact bunch that is very attractive. Quality is of the best, fruit being meaty with the Muscat aroma.

Prices: 2-year-old, No. 1 vines, each \$1.10; 3 for \$3.00. 3-yr.-old, each \$1.50. Less Discounts.

FREDONIA

This is the first Grape to ripen. Very dependable blue Grape. Sweet as honey. Produces extra large bunches. Shape like Concord, except larger. Flavor is so delicious whether eaten fresh or made into juice, wine or jelly. A money-maker too, commercially.

GRAPE PRICES

Concord, Fredonia, Caco, Niagara.
2-yr.-old, No. 1, Each 40c; 3 for \$1.10; 6 for \$1.90; 12 for \$3.60; 25 for \$6.85. 3-yr.-old, No. 1, bearing-age, each 60c; 3 for \$1.65; 6 for \$2.95; 12 for \$5.75; 25 for \$11.25. LESS DISCOUNTS.

HOW TO ORDER

Fill out and mail your order as soon as you can after you receive this catalog. Remember the earlier the better. On all orders received on or before Feb. 5th (postmarked Feb. 5th), we are allowing a 20% CASH discount, from anything in this catalog (except a few items marked "NO DISCOUNT"). Your order will be acknowledged by first class mail, and not shipped till you tell us to.

WHEN TO PLANT. March, April and May are the spring planting months. October and November are best fall planting months. Let us ship when it's just the right time.

HOW TO SHIP. We ship everything either by express or parcel post.

DISCOUNTS. It will pay you to mail your order early, as this year we are allowing 20% cash discount for orders received before February 5th.

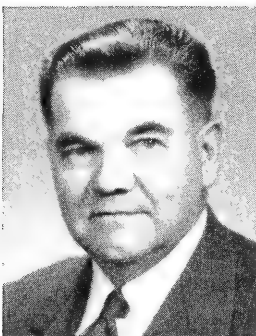

REFERENCES

The Bank of Three Oaks; Citizens Bank, Michigan City, Indiana; American Railway Express agent, Postmaster or Dun & Bradstreet.

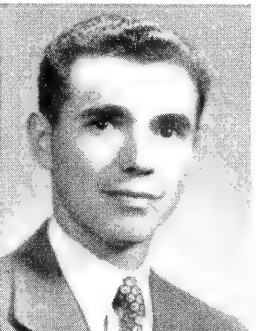

TERMS and REMITTANCE. Send post office or express money orders, bank draft, or your personal check. Please do not send currency unless you register the letter. Our terms are full payment with order. However, on orders amounting to over \$20.00, we will accept one-third payment with order and you may send the balance before it is time to ship.

GUARANTEE

We guarantee all of our nursery stock to be just as represented in our catalog; fully up to grade, of good quality, free from disease, and absolutely true to name; also to reach the customer alive, and in perfect growing condition. Furthermore, we will, at our option, either replace free of charge, or refund purchase price on any stock that arrives in bad condition; providing claim is made within 5 days from arrival of shipment, accompanied by a signed statement from the Express Agent or Postmaster at destination, showing extent of loss or damage. If any stock proves untrue to name, it will, at our option, either be replaced free of charge, or purchase price will be refunded; but in no case will we be responsible for a sum greater than the original purchase price paid. Any stock that fails to start, will be replaced at HALF PRICE, providing you notify us before July 1st same year planted. Beyond that our liability ceases. It is understood and agreed between the customer and ourselves that the purchaser's order, and our acknowledgement of its receipt, shall constitute a mutual acceptance of the above terms and conditions.

However, it must be all paid before you ask us to ship. After your order is half paid, we will ship it C.O.D. for the balance, IF YOU WISH. Be sure to instruct us in time.

Orders will not be shipped until the proper time for planting in your locality. All orders will be acknowledged first class letter mail.

FRAGRANT GLADIOLUS

(Acidanthera)

Florets creamy white, with heavy blotch of chocolate-brown. Very heavy and delightful fragrance. Easy to grow, same as any other Gladiolus. Blooms September and October, depending on when it's planted. Plant in April and May. Price: 3 for 50c; 12 for \$1.85. Supply limited. NO DISCOUNTS.

HANSEN BUSH CHERRY

Apricot

These Cherries are native to sand dunes, but are by no means limited to those sections. Can be grown anywhere, and will thrive on poor soil. Of course, will do much better when fertilized. VERY hardy. Fruit all along stem. Plum-purple in color when fully ripe. Bush is DWARF-like. Plant two plants or more PLANT BUSH CHERRIES BECAUSE:

- 1—They are so easy to grow.
- 2—Are good to eat fresh, and make fine jam and jelly.
- 3—Bears from the ground up, annually.
- 4—Are dwarf growing. Take little room.
- 5—Excellent for hedges, or screens.
- 6—Birds like them, too.
- 7—In bloom, it's as pretty as any shrub we have.

CANADA RED RHUBARB

A brand new Rhubarb imported from Canada. Stems dark red clear to the heart and up in the leaf. Sauce made from our Canada Red will be as red as Strawberry jam. Skin so tender it can be cooked with the stem. Grows to a giant size. Stock still limited. We offer divisions as it can not be grown from seed. 2-yr. divisions, each 75c; 3 for \$2.00; 6 for \$3.75. 3-year-old, heavy clumps, each \$1.50. Ready to bear. LESS DISCOUNTS.

MARY WASHINGTON ASPARAGUS

There is no variety of Asparagus as good as Mary Washington, and whether for home use only or for market, you cannot afford to grow any other. This wonderful new Asparagus was developed and introduced by the U. S. Department of Agriculture, and although a recent introduction, it has become famous the country over.

Growers everywhere are discarding all other varieties in favor of Mary Washington, because it is earliest, the stalks are larger, more tender, more productive than any other variety.

Clump Birch

Mountain Ash

LAWN TREES

CLUMP BIRCH

Instead of growing CLUMP Birch with 2, 3, 4 or 5 stems on one root, we find that planting 2, 3, 4 or 5 individual trees all in one hole gives so much better results. From the start your clump will be more uniform, than the old way. Picture shows the old way. Buy as many as you wish for your clump.

EUROPEAN MOUNTAIN ASH

Plant a pair of these trees on your front lawn. The leaves are narrow and formed in pinnate shape, arranged on frondlike branches with huge clusters of orange berries that make this our most beautiful shade tree. Price: 5-6 ft., \$3.00 each; 6-8 ft., \$4.00 each. Less Discounts.

CHINESE ELM

One of the most rapid growing trees. Very durable and hardy. Slender, tough branches. Compact habit of growth with small, attractive leaves. Highly recommended for street planting. Grows anywhere, and is one of the best for dry climates. Price: 6-8 ft., strong bushy trees, each \$4.00; 2 for \$7.75. Less Discounts.

SILVER MAPLE

One of the fast growing shade trees that thrive on all kinds of soil and in hot or cold climates. Leaves are green on top, lighter under surface, turning gold in the autumn. Makes a graceful head. Well rooted, well branched specimen trees. Price: 6-8 ft., each \$4.00; 2 for \$7.75. Less Discounts.

CANOE BIRCH

White bark Birch, upright grower. Beautiful lawn tree. Indians used to make their canoes from the bark of this one.

	Each	2
4-5 ft.	\$2.50	\$4.85

BAMBOO

This is a tall growing plant that we would recommend for a high hedge or screen to hide unsightly places or the neighbor's chicken coop. Grows 8 to 12 feet in a year. Stems are like bamboo fish poles, and in August it will be covered with the prettiest white bloom that will last a month. Starts new growth each year from the ground. Plant 5 feet apart, they will fill in. Strong plants, each \$1.50; 5 for \$6.00. Less Discounts.

WEeping WILLOW

This is the Green Weeping Willow, with the long, drooping branches, that dresses up a yard so beautifully. Also fine for rock gardens along the bank of a stream or lake. Very hardy.

	PRICES	Each	2
5-6 ft.		\$2.75	\$5.50

RED, WHITE & PINK PEONIES

Peonies Grow Larger and More Beautiful Each Year
FESTIVA MAXIMA. One of the best white Peonies. Edges of petals are flecked with red. Early bloomer. Fragrant. **Each 95c; 3 for \$2.75.**

ALBERT CROUSSE. Delicate salmon-pink. Compact, bomb-shape. Tall. Very fragrant. One of the finest rated Peonies. **Each \$1.00; 3 for \$2.90.**

EDITH FORREST. One of the finest reds. Compact bomb-type. Tall and erect. Free bloomer. Fragrant. **Each 95c; 3 for \$2.75.**

NO DISCOUNTS ON PEONIES

MIXED PEONIES

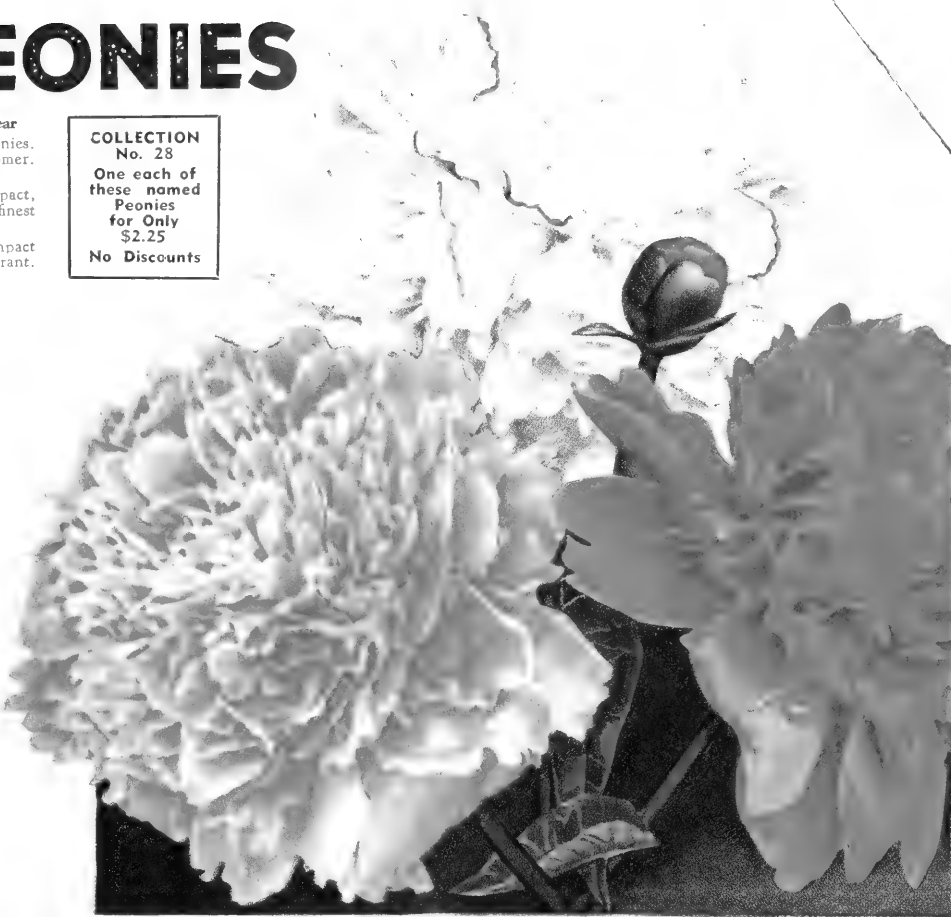

We have several thousand Peonies in 10 or 12 different named varieties, but not enough of any of them to list separately, so we are going to sell them as mixed. Many of them are very expensive varieties that would cost \$1.50 each. While the supply lasts. **Price: 5 for \$2.50; 10 for \$4.90. No Discounts.**

This is your opportunity to get some of the best Peonies at a bargain and have them for years to come.

BLEEDING HEART

Old Fashioned

This lovely hardy old-fashioned plant is loved by all. Lives for years and comes forth each spring, right after the snow goes off, with its long arching stems, loaded with dainty heart-shaped flower pendants. Rosy red, pale yellow centers. All stems do not appear at once. Will bloom over a 6-weeks period. Plants are very hardy, and can be divided every 3 years. Plants go dormant in June in time to plant annuals like Zinnias or Marigolds. 3- to 4-eye division plants. Field-grown. **Each 95c. No Discounts.**

Red, White and Pink Peonies

OLD GLORY ALTHEA

It's named such because we offer this shrub to you with three different color Althea grafted on one tree, and all will bloom at the same time. One section will be red, another section of the tree will be white, and another will be blue. Althea is a tree shrub, that lasts for years. Very hardy. **2-3 ft. trees, \$1.50 each. No Discounts.**

Old Glory Althea

GOLDEN CHAIN TREE

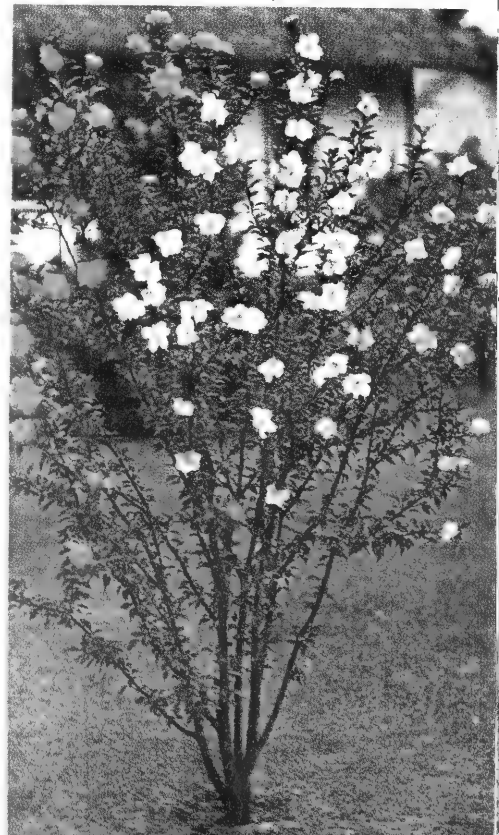

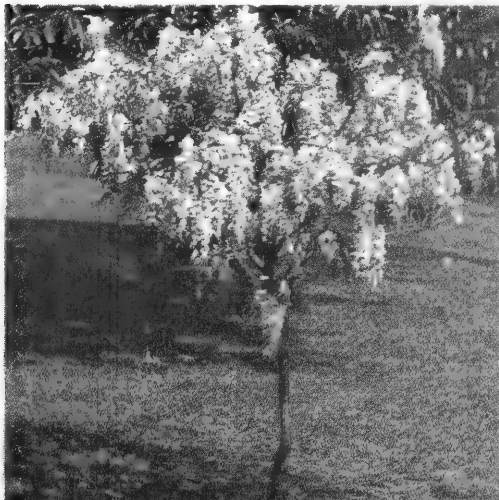

(Laburnum Vossii)

A very rare tree indeed. In late April and May this upright tree will be loaded with 18- to 24-inch long clusters of Sweet-Pea-like blossoms, of the brightest yellow. Very ornamental and even the tree itself is a beautiful thing even when not in blossom. **Nice well rooted, 3-4 ft. trees, each \$3.00. No Discounts.**

PURPLE CHAIN TREE

(Tree Wistaria)

Large racemes of charming pea-shaped orchid flowers in great quantities on graceful drooping branches with artistic green leaves. Grows 6 to 8 feet at maturity. **Grafted, sure to bloom, branched, 3-4 ft., balled in peat, \$3.50 each; 2 for \$6.50. No Discounts. Supply very limited.**

Spirea Van Houttei

Persian Lilac

Dogwood

FLOWERING SHRUBS

PERSIAN LILAC

A dwarf variety with slender, arching branches. A more profuse bloomer than the common, and does not sprout from the roots. Desirable for grouping with other shrubs. Makes a beautiful hedge when planted 2 feet apart and trimmed to desired height. **Prices:** Strong, 2-3 ft. plants, each 95c; 2 for \$1.80; 10 for \$8.00. Less Discounts.

SPIREA VAN HOUTTEI

One of the most common but still one of the most beautiful of all shrubs. So easy to grow. Early in the spring the leafless branches will be colored with tiny snow-white blooms drooping gracefully to the ground. Often called Bridal Wreath. We offer strong, field-grown plants in 18-24 inch size. Best size to plant. Will bloom this year. **Prices:** 3-year-old, 18-24 inch, each 60c; 3 for \$1.75; 6 for \$3.00; 10 for \$4.00; 25 for \$9.00. Less Discounts.

SINGLE SCARLET FLOWERING QUINCE

(Cydonia Japonica Rubra)

Loads of bright scarlet-red flowers with golden stamens, charmingly arranged all along stems in early spring. Foliage is green tinged maroon and very interesting. A medium height shrub. Also makes a hardy, dense hedge. Small, fragrant Quinces make delicious jelly. Rich in pectin. **Prices:** Strong, 18-24 in. plants, each 75c; 3 for \$2.10. Less Discounts.

DOUBLE RED ALTHEA

Blooms in August when other flowers are so scarce. See picture at left. A four-year-old Red Althea in full bloom. If you are looking for bright color in your landscape, here is the answer. Bright red, and as double as a Rose. May be used for a hedge or tall growing background. We offer 2-3 ft. strong plants. **Price:** Each 75c; 3 for \$2.10; 10 for \$6.00. Less Discounts.

RED DOGWOOD

(Cornus Florida Rubra)

Lovely red flowered Dogwood, that blooms so early in the spring, on gracefully shaped trees. Will grow in shade, in dry or wet soil. **Price:** 2-3 ft. trees (balled in peat), each \$3.50. Less Discounts.

WHITE DOGWOOD

(Cornus Florida Plena)

Beautiful, large, snow-white flowers early in the spring. Grows well in shade or open sunlight. Dry or wet soil. Not fussy at all. **Price:** 2-3 ft. trees, (balled in peat), each \$2.00. Less Discounts.

New! FORSYTHIA, "SPRING GLORY" LARGER, BRILLIANT YELLOW BLOOMS FOR EARLIEST COLOR

A spectacular new Forsythia which bears such masses of so much larger blooms than older varieties that a mature plant in full bloom in early spring is an almost unbelievable sight. The brilliant large yellow florets completely cover the branches, giving the effect of a giant sunburst. Canes grow erect with gracefully drooping tips. Very hardy in all sections of the country and thrives and grows vigorously in ordinary soil. Nice 2-yr., blooming size plants, 85c each; 3 for \$2.25.

HYDRANGEA P. G.

Flowers are extra large, white at first, turning to a pretty pinkish purple, and later on in the fall to a perfect bronze. Fine winter bouquet. Blooms July to October. Bloom this year. **Price:** 18-24 in., strong plants, each 95c; 2 for \$1.75. Less Discounts.

Magnolia

Hydrangea A. G.

Amur River Privet
Green Barberry

FLOWERING SHRUBS

REDBUD

One of the handsomest of the low growing, flat-topped trees. Attains a height of about 15 feet at maturity. Along the numerous, wide spreading branches, rosy lavender blooms appear before the tree leafs out in spring. Flowers are so thick the tree appears as a small pink cloud. Due to the extreme hardness of the wood, the tree is usually very late leafing out. **Price:** 2-3 ft. trees, ready to bloom, each \$1.50; 3-4 ft. trees, each \$2.00. **Less Discounts.**

MAGNOLIA SOULANGEANA

Large Lilylike flowers of creamy white-rose-pink. This is the most popular of the hardy Magnolias and is one of the first trees to bloom. The delightfully fragrant flowers appear before the leaves. Trees grow 12 to 15 feet. Attractive rich waxy green foliage. Likes acid soil. **Prices:** 3-ft. trees, only \$4.95 each. 6-ft. trees, full of buds, each \$15.00. **Less Discounts.**

THUNDER CLOUD

Rich blood-red leaves, becoming darker as the season advances. Hardy pink blooms early in spring. Excellent for adding color to your landscape. **3-4 ft. trees, \$1.50 each. Less Discounts.**

MOCK ORANGE, Virginal

This is the new, double white Mock Orange that is so fragrant that it will spray a room with perfume when used as a cut flower. No better shrub to dress up the yard. Hardy. Strong grower. Blooms in May and lasts two weeks. **Strong, 18-24 in. shrubs, each \$1.10; 2 for \$2.00. Less Discounts.**

HYDRANGEA A. G. (Hills of Snow)

This is the snowball type Hydrangea. Large blooms in June and last all summer. Will grow in shade as well as sunlight. **Prices:** Large, 18-24 in. plants ready to bloom, each \$1.10; 2 for \$2.00. **Less Discounts.**

HARDY PRIVET HEDGE

(Amur River North)

Easiest to grow of the Privets. Very hardy. Thrives under unfavorable planting conditions. Glossy green leaves. Clusters of white flowers followed by berries. Trim to desired height and shape any time during the summer. Leave untrimmed for foundation and screen plantings. Set bushes 9 to 12 inches apart. For very wide hedge, plant two rows, alternating the plants. Well branched, well rooted bushes.

	10	25	50	100
18-24 in.	\$3.00	\$6.00	\$11.00	\$20.00
	LESS DISCOUNT			

RED BARBERRY

Same as green Barberry except that the foliage is bright red. Stays red all summer and followed by red berries in the fall. Plant 18 inches apart. Fine to plant near or around evergreens to discourage dogs. **Prices:** 15-18 in., strong plants, each 60c; 3 for \$1.75; 10 for \$5.00. **Less Discounts.**

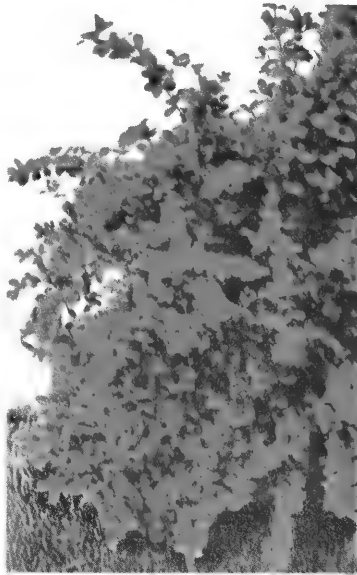

GREEN HEDGE BARBERRY

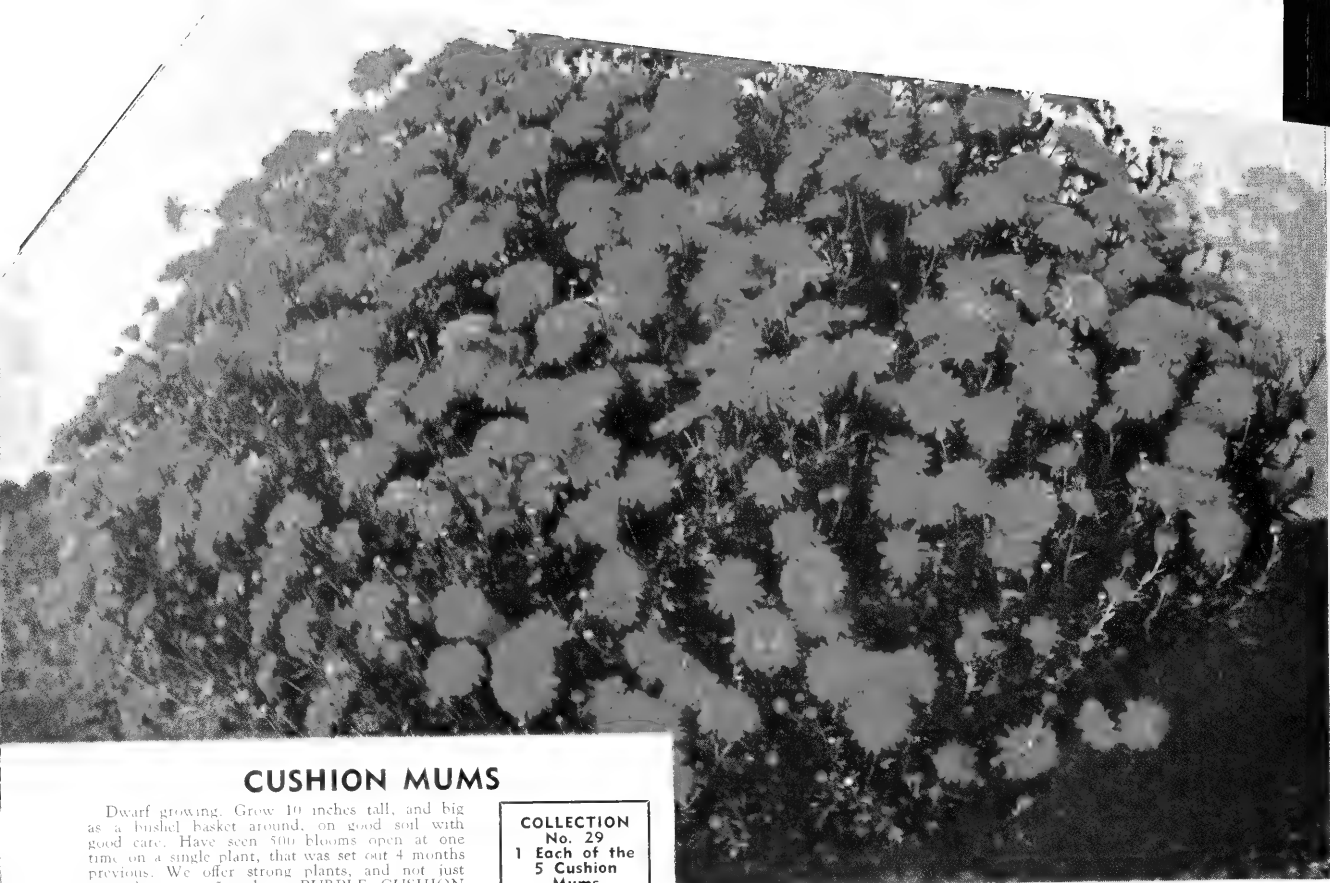

Barberry Thunbergi makes an ideal low growing, bushy hedge for front lawns, and along short driveways. Also useful for groups of three or five in corners. Green leaves turn gold and scarlet in fall. Red berries remain through winter. Set bushes 18 inches apart. (Rust-free type.) **Prices:** Well rooted, well branched, strong, 15-18 in. plants, each 40c; 10 for \$3.50; 25 for \$7.50. **Less Discounts.**

Thundercloud

Red Barberry

CUSHION MUMS

Dwarf growing. Grow 10 inches tall, and big as a bushel basket around, on good soil with good care. Have seen 500 blooms open at one time on a single plant, that was set out 4 months previous. We offer strong plants, and not just root divisions. 5 colors: PURPLE CUSHION (NEW), Yellow Cushion, Pink Cushion, BRONZE and RED SANTA CLAUS. Each 50c; 3 for \$1.25; 10 for \$3.95. Less Discounts.

GIANT FILBERT NUTS

We offer the BARCELONA variety. Produces the largest, sweet meated nuts of them all. Heavy producer, and will grow anywhere, either high or low ground, but prefer lower land. We offer plants 3-4 ft. tall, transplanted, and have already borne in the nursery row. Price: 3-4 ft. tall, each \$2.75; \$5.00 for 2; 5 for \$9.50. No Discount. Supply limited.

HARDY AMERICAN BLACK WALNUT

Makes a fine shade tree, and also valuable in the production of nutritious nuts. Very hardy anywhere, and will grow most any place or in any soil, wet or dry. Often grown for timber. Black Walnut lumber, as you know, is very valuable. 3-4 ft., each \$1.25. Less Discounts.

Chinese CHESTNUTS

CASTANEA MOLLISSIMA. This wonderful new strain of Chinese Chestnut is very hardy, having stood 22 degrees below zero. Blight resistant. Prolific bearers. Start bearing young, often the third year. Trees grow about the size and shape of an Apple tree. Fine flavored sweet nuts, much better than the American Chestnut. Also makes a fine shade tree in any lawn. We offer fine 2- to 3-ft. trees in transplants with fine root system. Each \$2.50; \$4.50 for 2. Less Discounts.

BLUE GOWN

This hardy Aster is a perennial and will last for years. Divide them every 3 years. Gets 3 to 4 ft. tall in good soil, and covered with China-blue flowers from top to bottom, from September to frost. Make a fine border plant. Each 65c; 3 for \$1.65; 10 for \$5.00; 100 for \$25.00. Less Discounts.

Filbert

PEACE Everblooming Bush Rose

THE MOST PERFECT YELLOW ROSE

(Plant Pat. No. 591.) Peace was the AARS Winner in 1946, and is still judged the greatest Rose ever introduced and patented. Magnificent, large, very double blooms ranging from deep yellow in bud to cream-yellow with cerise-pink edging as the petals unfold. Lasts for days in full bloom. Bushes make a sturdy growth, with rich green leathery leaves. Plants in bloom from June to freezing weather in the fall. Keep well after cutting and will perfume the whole house. It's No. 1 Rose in every garden. 5-inch blooms are common. See engraving of PEACE flower to the left. Printer's ink cannot bring out the effect of a golden sunset reflected on its pure, delicate surface.

Everblooming MIRANDY

Mirandy Was AARS Winner in 1945

Rich, glamorous, deep crimson blooms open from long, pointed, ovoid buds. Excellent foliage is heavy in texture and covers the erect, symmetrical branches. Bush is vigorous and sturdy, generally reaching about 30 to 36 inches in height. Very penetrating damask fragrance. Specially fine for cutting as the buds will open slowly into gorgeous 50-petaled blooms. 2-yr., field-grown plants, \$1.75 each; 2 for \$3.50; 3 for \$4.85; 6 for \$9.70. No Discounts.

Mission Bells
Pat. No. 923

Everblooming MISSION BELLS

(Plant Patent No. 923)
This AARS Winner for 1950 is always in bloom with its clear pink blooms that often measure 5 inches across. Handsomely moulded flowers have outwardly rolled petals, forming the type flower that everyone seeks in a Rose. Extra fragrant, and in bloom from June to frost.

CLIMBING ROSES

Paul's
Scarlet
Climber

BLAZE CLIMBING ROSE (Everblooming)

One of the largest selling Roses ever introduced. Grows in true pillar form. Terrific crop of early blooms followed by repeat blooms throughout the summer and fall season. Plants have the hardiness and good habits of the Paul's Scarlet parentage. Good, bright green foliage and sturdy canes. Excellent for use on each side of a driveway entrance or along a background fence. Color is intermediate scarlet and does not rapidly fade after blooms open. The patent right on Blaze have run out so can now sell it at regular prices as follow: **\$1.00 each; 3 for \$2.85; 6 for \$5.00. Less Discounts.**

THE "OLD RELIABLE"

PAUL'S SCARLET One of the greatest of the hardy Climbers. Combines rapid growth with extreme hardiness and free blooming habit. Brilliant scarlet flowers which are large and last over a long period. Hardy and grown in all parts of the country. Makes a brilliant show in blooming season. Not everblooming. **Price: 2-yr.-old, No. 1 plants, each \$1.00; 3 for \$2.85; 6 for \$5.00. Less Discounts.**

PRIMROSE CLIMBER Charming double flowers in clusters, and lasts over a long period. It's a rapid Climber with good foliage, and will soon cover a trellis or fence. Fragrant 2-yr.-old, No. 1 plants, each \$1.00; 3 for \$2.85; 6 for \$5.00. Less Discounts.

FLORIBUNDA Everblooming ROSES

FLORADORA Characterized by extremely sturdy, vigorous growth and abundance of blooms. Color is a sparkling coral-orange-red in the open blooms. Buds are perfectly formed and open slowly after cutting. Not unusual for a clustering spray to have from 7 to 10 blooms open and a number of unopened buds at one time. Each plant bears literally hundreds of blooms during the long season from early June until freezing fall weather. Both for massed plantings or for cutting plants you will find Floradora one of the hardiest, freest flowering plants you've ever grown. **2-yr. No. 1 plants for bloom this summer, \$1.25 each; 3 for \$3.15; 6 for \$6.00; 12 for \$11.00; 25 for \$20.00; 100 for \$75.00. Less Discounts.**

REGAL LILY

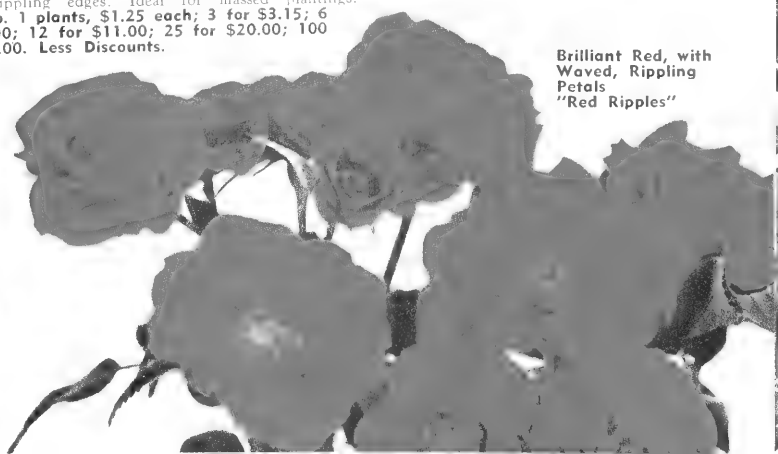

The most favorite of all Lilies. They are hardy. Plant in spring, and do not need to be dug. Will come up year after year. Large white flowers with yellow throat, from 3 to 8 on a single stem. Fragrant. We offer 7- to 8-inch circumference bulbs. **Each 50c; 3 for \$1.25; 6 for \$1.65; 12 for \$3.20. No Discounts. Sure to bloom this year.**

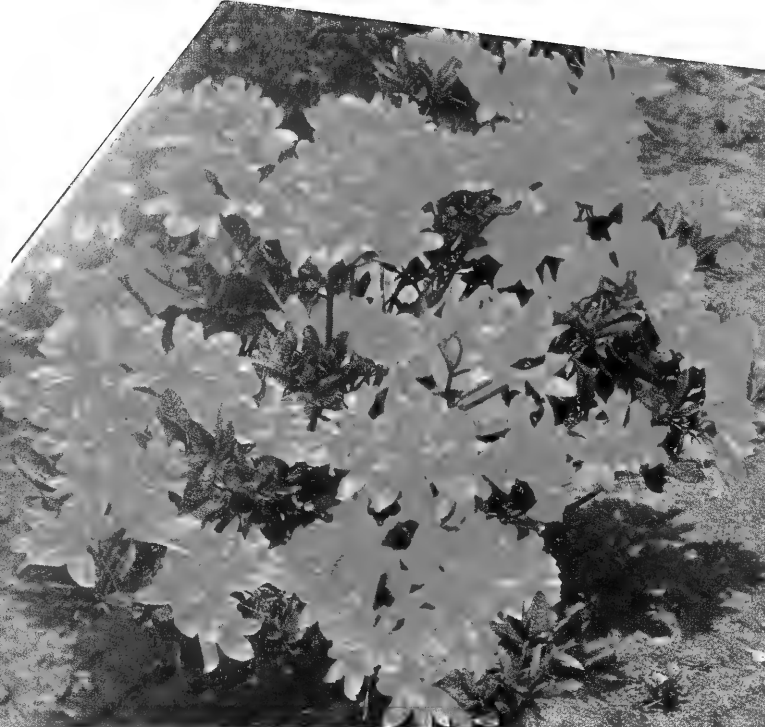

RED RIPPLES

One of the most scintillating red Floribunda Roses we have ever seen. It is that sparkling shade which immediately stops the eye. Grows to 30 inches tall and in true Floribunda style. Buds are perfect and hold well on the plant or after cutting. Plants bloom continually from June until freezing fall weather. A mass of red through the summer months. Petals have wavy, rippling edges. Ideal for massed plantings. **2-yr. No. 1 plants, \$1.25 each; 3 for \$3.15; 6 for \$6.00; 12 for \$11.00; 25 for \$20.00; 100 for \$75.00. Less Discounts.**

Hardy Hybrid Azalea Mollis

AZALEA MOLLIS

Hardy Hybrid

At last we can offer you an Azalea that is hardy most anywhere in this country. They stood 20 degrees below zero last winter. AZALEA MOLLIS is one of the greatest growers. We offer you HYBRID strains that are grown from seeds, and will range in color from light yellow, deep orange to rose. We are not offering them as to color. We offer them mixed colors, but every one of them will be so beautiful that you will certainly want more as soon as you see them bloom. Require soil like blueberries or Rhododendrons. Like partial shade, and will even stand all shade. 10- to 15-inch, field-grown plants, with some buds. **Price: Each \$1.25; 3 for \$3.00; 6 for \$5.50; 10 for \$8.50. Less Discounts. Supply is still limited.**

LOMBARDY POPLAR

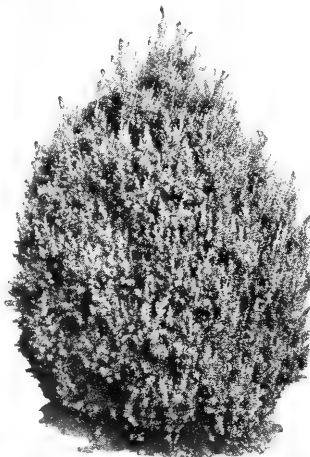

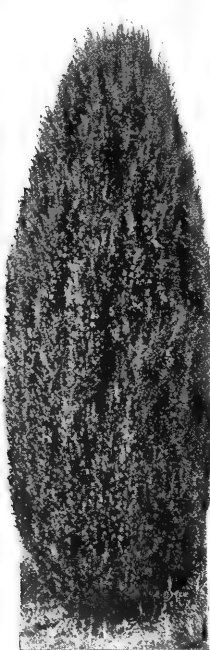

Tall, slender tree. Rapid grower, and makes beautiful backgrounds or fence lines. Hide unsightly views, like a neighbor's chicken coop, or old barns, and vacant lots. Won't clog sewers like the old Carolina Poplar. Green out early in spring and stay on late in the fall. Grows 5-6 ft. a year. **Price: 5-6 ft. trees, each \$1.00; 3 for \$2.50; 10 for \$7.50; 100 for \$45.00. Less Discounts.**

EVERGREENS *For Beauty All Year*

IRISH JUNIPER

Of decided columnar form and immediately attracts attention. For formal work, especially in contrast with other plants, it has decided advantage over anything you can use for such work. Slender in habit: needs no shearing.

	PRICES	Each	2	4
18-24 inch	\$2.75	\$ 5.00	\$ 9.00
2- 3 feet	4.00	7.50	14.00

RED LEAF PEACH

SENSATIONAL NEW ORNAMENTAL

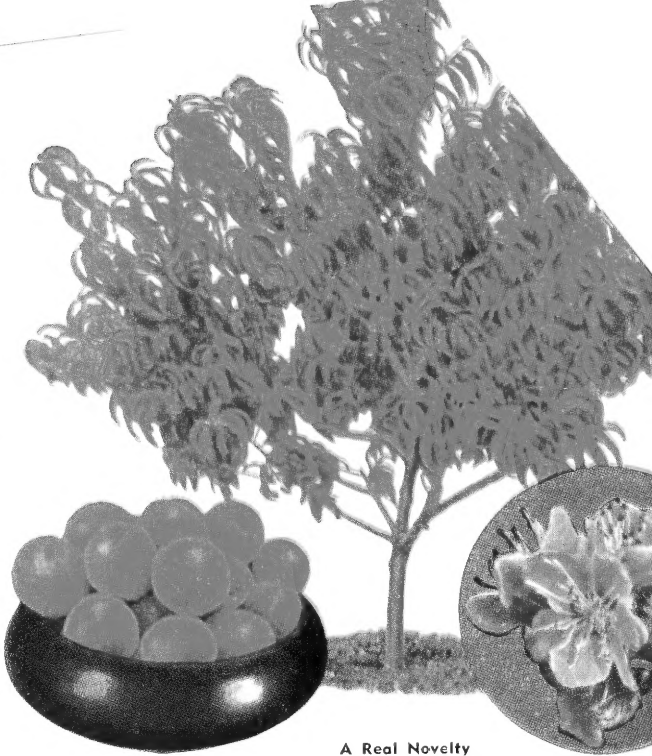

Two-purpose tree—a grand ornamental; produces full crop of edible Peaches!

Many ornamental trees have been offered with colored foliage, but never an ornamental PEACH TREE with RED FOLIAGE: bright red in spring, dulling to deep maroon towards fall. Deep rose blossoms against red foliage create a most pleasing contrast.

Trees produce a full crop of perfectly round Peaches, 1½ inches in diameter—just the size for pickling. Fruit has all-over red coloring; flesh is white with a delicious sweet flavor. Ripens late, same time as the Gold Drop. Hardier than standard varieties. 4-5 ft. trees, each \$1.45; 2 for \$2.75. Less Discounts. Super size, each \$2.50.

SMOKE TREE

The clouds of misty purple flowers make this tree shrub look like a puff of smoke. That's how it got its name. When not in bloom its attractive deep green leaves make a fine shade tree. Will grow to 8 to 10 ft. tall. Could you think of anything prettier than this for a background or screen, to hide your neighbor's chicken coop, barn or garage? 2 ft., each \$1.00; 4 ft., each \$2.00.

A Real Novelty

New Red Leaf Peach Showing Fruit, Bloom and a 3-Year-Old Tree. Leaves Stay Red in Fall, Then Turn Maroon

EXTRA Select, blue-white, 24-30 in., each \$6.00. Less Discounts.

Colorado Blue Spruce

Upright Yew

Upright Growing Yew

Will thrive in full shade or full sun. Grows upright, shrub-like. Not too narrow. Fine for corner plantings, or between windows. Can be pruned to most any shape, or will stand cutting back if it should become too large for the place it is in. Its dark green foliage, with its lighter new growth, makes it about the prettiest of all evergreens. Very hardy and tough. Does well in sand or hard ground, wet or dry. Lasts many years, and never seems to need replacing.

PRICES

2-3 ft. tall Each \$6.00
NO DISCOUNT

NORWAY SPRUCE

This is one of the easiest and fastest growing of all the evergreens, and also one of the most beautiful ones. The foliage is dark green throughout the whole season. It is so hardy and thrifty that it will grow anywhere. On high dry yellow sand, or low ground where water will stand part of the year. For windbreaks that are the best, also for Christmas trees, as well as ornamentals. Makes a beautiful driveway when planted on both sides. Will stand trimming, and if the head is cut out, can be formed into a round ball.

We are offering several sizes at prices that you will not want to pass up. Prices: 12-18 in., 4-yr.-old, bushy, 85c each; 3 for \$2.35; 5 for \$3.50; 10 for \$6.75. 18-24 in., 4-yr.-old, bushy, each \$1.10; 3 for \$3.00; 5 for \$4.50; 10 for \$8.95. LESS DISCOUNTS.

Norway Spruce

ANDORRA JUNIPER

Very popular with those who want a prostrate creeping type for use along steps; for rockery planting or for use as a bank cover. Rarely exceed 10 to 12 inches in height. Richly colored foliage which blends well with any other plants used. We offer 18-24 inch plants, (Spread), each \$2.50; 2 for \$4.75. Less Discount.

MOUNTAIN PINK, Phlox Subulata

Moss or Creeping Phlox

These low spreading plants, with solid sheets of flowers that hide the mossy evergreen foliage through May and early June, have endeared themselves to everyone. They are about 6 inches high and make clumps from 1 to 2 feet across. The soil should be well drained and not too rich. Excellent for the rocky, front of the hardy border, and for covering terraces, dry hillsides and cemetery work. Plant 12 inches apart in masses, or drifts for pleasing effects. **Large clump plants, 3 for \$1.00; 6 for \$1.95; 10 for \$3.25. No Discount.**
